Forecast For East of England
Issued by Met Office Exeter
at 0400 on Friday 26 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry with sunny spells and light winds.

Today:
After a chilly start, with a frost in some rural locations, temperatures will rise to near average values, but it will feel milder with the light winds and plenty of sunshine. However, a little patchy cloud could develop this afternoon. Maximum temperature 12 deg C (54 deg F).

Tonight:
Dry and becoming largely clear, with light winds and perhaps some isolated mist of fog forming. A widespread slight frost will develop. Minimum temperature -1 deg C (30 deg F).

Saturday:
Chilly start, with a frost for many locations, and any early patchy mist of fog gradually clearing. Then dry with light winds and plenty of sunshine. Maximum temperature 12 deg C (54 deg F).

Outlook for Sunday to Tuesday:
Dry with varying, often large, amounts of cloud and also a chance of patchy coastal mist and fog. However, some sunny spells will occur. Generally rather mild, with light winds.
